About Commercial Vehicle Contracts

Commercial Vehicle Contracts is a trusted UK vehicle leasing company with over 25 years of industry experience, specialising in delivering business-to-business (B2B) vehicle leasing deals.

Our primary objective is to provide you with a one-stop-shop solution, enabling you to be operational at the point of delivery. Commercial Vehicle Contracts Ltd source the right vehicle type and model that matches your requirements and preferences. We then customise it and find the most suitable finance product, saving you valuable time and money. Our wide range of off-the-shelf models and bespoke conversions means we have the perfect vehicle to meet your business requirements, no matter how unique.

By choosing Commercial Vehicle Contracts, you avoid disruption to your daily operations, allowing you to focus on what you do best - running your business!

Highly rated:

Why choose Commercial Vehicle Contracts?

Whether you need just one vehicle or a whole fleet, our dedicated team of experts is committed to helping you find leasing options that not only fulfil your business needs but also align with your budget. Our goal is to provide you with the very best customer service, and a seamless and cost-effective vehicle leasing experience, making sourcing a new vehicle as easy as acquiring a new phone contract.

With years of industry experience, we have fostered strong relationships with our suppliers and funders, gaining us exclusive access to remarkable discounts. As a result, we are able to offer our customers highly competitive leasing deals for commercial vehicles and fleet cars.

Our funders include:

Lex Autolease

ALD Automotive | Leaseplan

Novuna

Paragon

BNP Paribas

Dedicated Account Managers

From the moment you begin your journey with us, you enjoy the one-on-one attention of a dedicated Account Manager who is your single point of contact. This means that you are not tossed around from person to person or have to explain everything anew every time. Your Account Manager is here to assist you every step of the way, from the initial vehicle quote to delivery and beyond, always keeping you updated and in the loop.

**Jimmi
Muramani**

Jimmi's professionalism and attention to detail ensure that every customer receives expert guidance and support. He thrives on helping businesses find the best solutions.

Bespoke vehicle conversions

Our vehicle conversions provide a customised solution for businesses seeking to lease a specialist vehicle such as a Luton van or a dropside. Moreover, with a turnaround time of just four to six weeks, our chassis conversions offer a practical alternative to factory orders when you need a vehicle quickly and can't find a suitable off-the-shelf model in stock.

We work with top UK converters to ensure the highest quality, and each conversion is backed by a warranty for your peace of mind.

We convert our vehicles into:

Dropside vans

While many manufacturers offer factory-built dropside vans you can lease, a dropside conversion provides a truly bespoke solution. The vehicle is fully customised to meet your needs.

Tipper vans

Our friendly team guides you through selecting the right chassis cab and conversion requirements to ensure you're getting the perfect tipper van for your needs. You can also add a cage if required.

Luton vans

With our bespoke Luton van conversions, you can modify the vehicle to accommodate features such as an extended body length, which is not typically found in factory-built Luton vans.

Bespoke vehicle conversions

Curtainsiders

Our experienced conversion specialists work closely with you to design and build a perfect vehicle that meets your precise specifications, from the required features to the colour of the curtains.

Box vans

Whether you need a box van with or without a tail lift, we have the knowledge and expertise to turn your vision into reality.

Flatbeds

Our bespoke flatbed van conversions enable you to design a vehicle tailored to your specific requirements, such as adding side rails and specialised equipment.

Minibuses

From seating configurations to accessibility features, we handle all aspects of the conversion process to create a safe and functional transportation solution for your business or organisation.

Van conversions

Our team of experts work closely with you to transform a standard panel van into a bespoke vehicle conversion that suits your requirements. From interior layout and design to additional features and accessories, we ensure that your leased van is not just a mode of transportation, but a personalised space that enhances your productivity and comfort and is fit for purpose.

We convert our vans into:

Refrigerated vans

Whether you need a fridge, a freezer, or a combination of both, we are here to provide the ideal solution. We also offer standby units and curtains if required.

Cherry pickers

Our cherry picker platforms offer a secure solution for working at heights and are compatible with both panel vans and pickup trucks. The vehicle is adapted to meet your business needs.

Utility vans

We assist you in choosing the most cost-effective bespoke utility vehicle conversion, offering a wide range of utility specifications that meet your business requirements.

Welfare vans

With comfortable seats and essential amenities, such as toilet, basin, microwave and many more optional extras, our welfare vans offer a perfect solution for teams working at remote locations.

Vehicle customisation services

At Commercial Vehicle Contracts, we understand the importance of having your new van ready for action as soon as it arrives. That's why our extensive range of bespoke van leasing services covers all aspects of customising and preparing your vehicle, ensuring that it is fully equipped and work-ready from day one.

We supply and fit:

Ply lining

Our ply lining is tailored to each van model. In order to ensure a neat and tidy finish, it is cut by machine and finished by hand. With our vast experience and knowledge, your vehicle is protected from day one.

Tow bars

Our tow bars, whether towing a trailer or a caravan, provide you with a solution that is hassle-free and enables you to be operational from the inception of your lease.

Tail lifts

We work with UK-leading tail lift suppliers, who supply a wide range of options designed for various applications and types of vehicles. Our tail lifts are tailored to your specific needs and requirements.

Glass racks & frails

We install internal and external glass racks and frails, in addition to internal pole systems and many more bespoke items.

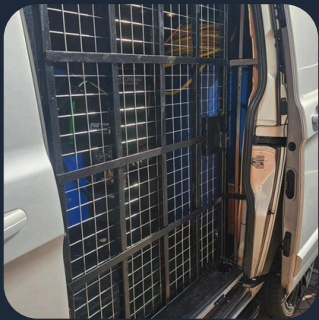

Vehicle customisation services

Chapter 8 chevrons

Whether you need Chapter 8 signage for a pickup truck, panel van, tipper or dropside, we ensure that your vehicle is fully compliant prior to delivery.

Security gates

By incorporating security gates into your van leasing deal, you can have peace of mind knowing that your new vehicle and everything inside it is protected right from the start.

Shelving & racking

Experience the benefits of an organised and efficient workspace on wheels. Whether you need heavy-duty racks for large items or seeking a solution to keep small components organised, an all-encompassing solution is available.

Beacons & lightbars

Our skilled technicians install the correct beacons and light bars, ensuring the required functionality and compliance with relevant regulations.

Vehicle finance options

Business Contract Hire

With Business Contract Hire, you commit to a fixed period between two and five years with a set mileage limit. After the contract ends, you simply return the vehicle with no further financial commitments, eliminating worries about depreciation or resale. Business Contract Hire deals include road tax for the entire term, and an optional maintenance package, covering tyre replacements, repairs, MOTs, and servicing.

Finance Lease

Finance Lease is similar to a Business Contract Hire, in that you use the vehicle for an agreed period and up to the agreed mileage limit. However, at the end of the agreement, instead of returning the vehicle, you have to sell it to a third party and use the proceeds to pay the final rental (commonly known as a balloon payment), unless the agreement is fully amortised. Finance Lease includes road tax for the first year, and an optional vehicle maintenance package is available.

Hire Purchase/Lease Purchase

Hire Purchase and Lease Purchase are vehicle finance agreements that allow ownership once all payments are completed, offering cash-flow-friendly options for purchasing a vehicle. These agreements involve an initial payment, regular monthly instalments, and, in the case of Lease Purchase, a final payment (commonly known as a balloon payment). Neither arrangement comes with mileage restrictions, and road tax is included for the first year of the agreement.

Outright Purchase

Outright purchasing a vehicle entails buying it with full payment upfront, giving you immediate ownership without the need for financing or instalment payments. Though it requires a significant initial investment, outright purchase offers the advantages of complete ownership, including the flexibility in managing the vehicle and the ability to sell it or trade-in at any time.

Hundreds of satisfied customers

Quick responses and hassle free process.
I would recommend for anyone who is
looking to get a commercial vehicle for
their business.

Customer

Our company has leased vans for many
years now, however this has been the
smoothest transition and best value we
have had for many years.

Customer

We have been leasing commercial
vehicles for over 10 years. This is the first
time we have used CVC Ltd and I cannot
praise them highly enough. James
especially was outstanding in his
knowledge, pricing and customer service.
From start to finish the whole process
from enquiry, ordering, delivery and after
sales support was second to none. This is
quite honestly the very best vehicle
leasing experience I have ever had!
